

Bamboo Decking

Beautiful, durable, easy to install, and made from the strongest, most environmentally sustainable wood on earth, BamDeck™ adds a new dimension to decking. BamDeck™ decking is termite resistant, weather tested, completely green, and LEED qualified. All decking undergoes a state of the art compression and sealing process, with No Urea Formaldehyde added to its glues and 100% soy based oil sealant for outdoor protection.

BamDeck™ deck boards are 6.5 ft. x 5.5 in. x .80 in. thick.
